Amendment of 73.202 (b)) MB Docket No. _____
Table of Allotments)
FM Broadcast Stations)
(Lake Park, Florida)

To: John Karousos, Assistant Chief
Audio Division of the
Media Bureau

PETITION FOR RULE MAKING

Pursuant to 47 C.F.R. 1.401, Charles Crawford respectfully petitions the FCC to institute a Rule Making proceeding to amend the FM Table of Allotments to add Channel 262A at Lake Park, Florida.

DISCUSSION

Petitioner respectfully submits that the public interest would be served by allocating Channel 262A to Lake Park, Florida as that community's first local service. Lake Park, Florida is an incorporated community with a population of 8,721 people.¹ Lake Park has its own mayor, Paul W. Castro and vice mayor, Chuck Ballus. Lake Park also has its own town manager, town clerk, its own elementary school, Lake Park Elementary School, its own fire department, police department, post office and a number of local churches. Lake Park is a community that is certainly deserving of a local service. The proposed channel 262A will provide additional diversity and an outlet for local self-expression to Lake Park residents and therefore is in the public interest.

In order for Channel 262A to be allotted to Lake Park, Florida, two stations must be reclassified from C's to CO's. Those station are WKIS Channel 260C at Boca Raton,

¹ U.S. Census 2000

Florida and WHYI Channel 264C at Fort Lauderdale, Florida.
(See, Attachment A, Request to Reclassify Statement for
WKIS) and (See, Attachment B, Request to Reclassify
Statement for WHYI)

Attached hereto is a channel study confirming that
Channel 262A can be allocated to Lake Park, Florida,
consistent with the FCC's FM separation rules. See
revision of FM Assignment Policies and Procedures, 90 FCC
2d 88 (1992). (See, Attachment C)

Reference coordinates for Channel 262A at Lake Park,
Florida are:

26 45 29 N
80 03 28 W

Should this petition be granted and Channel 262A be
allotted to Lake Park, Florida, Petitioner will apply for
Channel 262A at Lake Park and after it is authorized, will
promptly construct the new facility.

The factual information provided in this Petition for
Rule Making is correct and true to the best of my
knowledge.

Respectfully submitted,

Charles Crawford

Petition for Rule Making
FM Channel 262A
Lake Park, Florida
September 15, 2003

Attachment A

Request to Reclassify
Station WKIS(FM), Boca Raton, Florida
Pursuant to MM Docket 98-93

Radio Station WKIS(FM), Boca Raton, Florida is licensed to WKIS License Limited Partnership, 3033 Riviera Drive, Suite 200, Naples, Florida 34103, (Facility ID 64001), FCC File No. BLH 19871216KH. The facility operates with a power of 100 kilowatts with center of radiation 300 meters height above average terrain. The above captioned Docket 98-93 provides the mechanism to automatically downgrade a Class C facility to Class C0 when a demand is made for the spectrum, as is the case here. Charles Crawford respectfully requests that the license of Radio Station WKIS(FM) be modified to specify operation on FM Channel 260C0 instead of on FM Channel 260C in accordance with the above Docket which provides for such downgrades when a demand for the unused spectrum is made, as is the case here.

Charles Crawford, the proponent of Channel 262A at Lake Park, Florida, in accordance with the above Docket, formally requests that the Commission reclassify Radio Station WKIS(FM) as a Class C0 facility. Charles Crawford certifies that no alternative channel is available for the service he proposes at Lake Park as is proposed in the Petition for Rule Making. A copy of this Petition for Rule Making is being served on WKIS License Limited Partnership, as is required in the above Docket.

Petition for Rule Making
FM Channel 262A
Lake Park, Florida
September 15, 2003

Attachment B

Request to Reclassify
Station WHYI(FM), Fort Lauderdale, Florida
Pursuant to MM Docket 98-93

Radio Station WHYI(FM), Fort Lauderdale, Florida is licensed to Clear Channel Broadcasting Licenses Inc. 2625 South Memorial Drive, Suite A, Tulsa, Oklahoma 74129, (Facility ID 41381), FCC File No. BMLH – 19940613KB. The facility operates with a power of 100 kilowatts with center of radiation 307 meters height above average terrain. The above captioned Docket 98-93 provides the mechanism to automatically downgrade a Class C facility to Class C0 when a demand is made for the spectrum, as is the case here. Charles Crawford respectfully requests that the license of Radio Station WHYI(FM) be modified to specify operation on FM Channel 264C0 instead of on FM Channel 264C in accordance with the above Docket which provides for such downgrades when a demand for the unused spectrum is made, as is the case here.

Charles Crawford, the proponent of Channel 262A at Lake Park, Florida, in accordance with the above Docket, formally requests that the Commission reclassify Radio Station WHYI(FM) as a Class C0 facility. Charles Crawford certifies that no alternative channel is available for the service he proposes at Lake Park as is proposed in the Petition for Rule Making. A copy of this Petition for Rule Making is being served on Clear Channel Broadcasting Licenses Inc., as is required in the above Docket.
